

## 8-Port Rack-Mount PDU with C13 Outlets - 16 A - 10 ft. Power Cord (AS3112) - 1U

Product ID: PDU08C13AU

This rack-mount PDU features eight C13 outlets and you can install it into 1U of rack space to power your rack-mount equipment.

### **Sleek, professional installation**

Unlike some rack power solutions that mount awkwardly if at all, this rack-mount PDU is EIA-310D compliant, which ensures a secure and tidy installation into any 19" rack with 1U of available space. Mounting screws and cage nuts are also included to ensure you have everything you need, saving you time and hassle.

## **Flexible power solution**

For maximum compatibility with your devices, this PDU features C13 outlets which are ideal for a wide range of globally distributed devices including I.T equipment, office equipment, measuring instruments and medical devices. Plus, with a total of eight C13 outlets, the PDU can distribute power to your entire rack.

## **Protects your equipment**

In the event of random energy surges that can occur during power outages or other anomalies, this PDU prevents costly damages to your equipment with a built-in dual circuit breaker, ensuring your equipment is protected.

The housing of this PDU is also constructed of rugged steel to provide maximum durability in any environment.

The PDU08C13AU is backed by a StarTech.com 2-year warranty and free lifetime technical support.

Note: Although the PDU can provide 16 amps of power to be shared across eight outlets, due to regional limitations, the cord provided is only rated at 15 amps. A user supplied cord and capable outlet would be required to attain the full 16 amp rating.
